Kayla Holmes Air Force ROTC Spotlight – Transcript

[KAYLA: 00:00-00:03] - My name is Kayla Holmes, and I am a Sociology Major.

[00:03-00:12] To me, ROTC means, pretty much, continuing the legacy of what my family has. Because my parents, my mom, and my dad, are both Air Force.

[00:12-00:27] I do take pride in it, because it is actually pretty interesting to know that I will be able to talk to my parents about the same things or the different trips and TDYs that they've done. And Active-Duty benefits and how much they've enjoyed it, I thought about giving it a chance.

[00:27-00:55] So, my overall experience at UK has been pretty great. One thing I would say to people thinking about joining ROTC is that it is a great opportunity. It is really a lot of fun; you get to know a whole bunch of different people, especially people who are out of state. Of course, the main benefits are being able to go to different organizations. We do a lot of work with UK athletics, as far as events that they have, so just understanding the importance that we do have a presence on this campus.
